

Information Technology

Teledigm Health, in partnership with Bryan Telemedicine, provides solutions and recommendations for rural health organizations. We are pleased to connect our customers with our preferred partner Five Nines for comprehensive IT services.

Healthcare Facilities Can Choose to Augment Their Internal Staff or Outsource IT Services

As the Midwest's largest independently-owned IT Managed Service Provider, Five Nines offers fully accountable Managed IT Services. They partner with healthcare organizations to provide technical expertise and support.

Fully Managed Services

Five Nines accountable for all IT operations

- **Option 1:** Fully managed IT services
- **Option 2:** Tier 1 issues are handled by your internal team. Five Nines is accountable for servers, networking, backups, IT strategic planning and more.
- Options available for on-site Five Nines engineers

Cyber Preparedness and Response Services

- Managed Incident Response
- Disaster Recovery and Business Continuity Planning Documentation
- IT Security Best Practices Review
- Five Nines accountable for system backups
- Access to full Five Nines resources in the event of a cyber event

Hospital Challenges

- Difficult to find, retain, train and grow capable IT staff
- Hospitals are staffed for the delivery of day-to-day support, not industry-leading security
- Support is needed at every level of technical operations
- Desktop support issues
- Lack of budgeting, reporting, transparency and planning
- Compliance, security and training resource availability
