

# Nephrology

Teledigm Health, in partnership with Bryan Telemedicine, sets the industry standard in telemedicine, providing a deep bench of clinical staffing resources and technical support with a focus on innovation and sustainability.

## Caring for Hospitalized Patients with Nephrology Needs, Including Dialysis

- Bring affordable, convenient and trusted specialist nephrology care to your community
- Access to board certified nephrologists with experience in rural care
- Personable, high-quality care that puts staff and patients at ease
- Expand the scope of care you offer and keep more patients in your community
- Assistance with protocols and order sets based on best practice
- Workflow development around your dialysis program; including collaboration with local dialysis nurses
- Ongoing medical staff engagement and meetings
- Various program options and coverage options

## Hospital Challenges

- Physician shortage associated with recruitment challenges
- Limited ability to provide care for patients with dialysis needs
- Limiting outmigration of patients
- 24/7 access for patients experiencing acute kidney disease

### Reduce Patient Transfers

Our telemedicine programs have proven to reduce patient transfers by up to 70%.

# We're with you every step of the way, partnering for the future

Teledigm Health and Bryan Telemedicine offer the region's most trusted medical partners to provide telemedicine, inpatient and specialty consultations as well as specialized medical support services.

As you explore ways to enhance care to your community, we are here to work with you offering:

- Evidence-based, best practice medical consultations and care
- Personable, patient focused physicians and health care professionals to provide the best possible communication, trust and care
- Flexibility to fit your needs
- Secure, HIPAA compliant, easy-to-use and reliable video/audio telemedicine equipment
- Cost effective solutions for physician coverage and service expansion opportunities
