

# Outpatient Specialist Care

Teledigm Health, in partnership with Bryan Telemedicine, sets the industry standard in telemedicine, providing a deep bench of clinical staffing resources and technical support with a focus on innovation and sustainability.

## Partnering with Hospitals to Serve Your Patients in Your Community

- Access to board certified specialty physicians providing outpatient services
- Bring affordable, convenient and trusted specialist care to your community; reducing travel requirements for patients
- Focus on working closely with your medical staff to provide consultative care, when you need it
- Specialist Clinics allow specialty physicians to diagnose patients using sophisticated telemedicine technology located in your community hospital or clinic
- Personable, high-quality care that puts patients at ease

## Expand the Scope of Care You Offer Your Community

Current outpatient clinic offerings include:

- Cardiology
- Counseling
- Dermatology
- EEG Reads
- Endocrinology
- ENT
- Psychology
- Infectious Disease
- Nephrology
- Neurology
- Oncology
- Opioid Misuse Assessment
- Pediatric Services
- Psychiatry
- Pulmonary & PFT Reads
- Sleep Programs
- Others as requested

## Hospital Challenges

- Access to specialist coverage in your community
- Patient outmigration for specialist care
- Lost ancillary revenue from outmigration
- Ability to offer a broad range of specialty services
- Pre- and post-operative surgical care

# We're with you every step of the way, partnering for the future

Teledigm Health and Bryan Telemedicine offer the region's most trusted medical partners to provide telemedicine, inpatient and specialty consultations as well as specialized medical support services.

As you explore ways to enhance care to your community, we are here to work with you offering:

- Evidence-based, best practice medical consultations and care
- Personable, patient focused physicians and health care professionals to provide the best possible communication, trust and care
- Flexibility to fit your needs
- Secure, HIPAA compliant, easy-to-use and reliable video/audio telemedicine equipment
- Cost effective solutions for physician coverage and service expansion opportunities
