

Pulmonary & Critical Care

Teledigm Health, in partnership with Bryan Telemedicine, sets the industry standard in telemedicine, providing a deep bench of clinical staffing resources and technical support with a focus on innovation and sustainability.

Partnering with You to Care for Patients with Critical Needs

- Provides access to board certified physicians trained in pulmonary and critical care management
- Bring affordable and trusted care to your hospital; expand the scope of care you offer and keep more patients in your community
- Personable, high-quality providers that put patients and staff and families at ease
- Sophisticated telemedicine technology allows intensivists to assess, diagnose and manage patient care
- Supports your medical staff while improving retention, reducing turnover and enhancing quality of life
- Various program and coverage options to meet the needs of any facility

Reduce Patient Transfers

Our telemedicine programs have proven to reduce patient transfers by up to 70%.

Hospital Challenges

- Access to board certified pulmonary and critical care physician coverage
- Cost of care for critically ill patients
- Physician burnout and work/life balance
- Limiting outmigration of patients

We're with you every step of the way, partnering for the future

Teledigm Health and Bryan Telemedicine offer the region's most trusted medical partners to provide telemedicine, inpatient and specialty consultations as well as specialized medical support services.

As you explore ways to enhance care to your community, we are here to work with you offering:

- Evidence-based, best practice medical consultations and care
- Personable, patient focused physicians and health care professionals to provide the best possible communication, trust and care
- Flexibility to fit your needs
- Secure, HIPAA compliant, reliable and easy-to-use video/audio telemedicine equipment
- Cost effective solutions for physician coverage and service expansion opportunities
