

# Outpatient Cardiology

Teledigm Health, in partnership with Bryan Telemedicine, sets the industry standard in telemedicine, providing a deep bench of clinical staffing resources and technical support with a focus on innovation and sustainability.

## Access to physicians dedicated to diagnosing and treating cardiovascular conditions

- Access to board certified cardiologists for outpatient specialty care
- Affordable, convenient, and trusted cardiology specialty care support for your providers and staff
- Cardiologists work closely with your medical staff to provide consultive care when you need it
- Outpatient specialist clinics allow cardiologists to diagnose patients using sophisticated telemedicine technology located in your community hospital or clinic
- Personable, quality specialists that put staff and patients at ease
- Expand the scope of care while keeping more patients in your community

### Heart Disease is the #1 Cause of Death

In the United States, someone has a heart attack every 40 seconds.

## Hospital Challenges

- Access to experienced board-certified physicians to support care for patients
- Patient travel requirements for specialty care
- Cost of patient care
- Lost ancillary revenue from outmigration
- Limiting outmigration of patients
