

Outpatient Nephrology

Teledigm Health, in partnership with Bryan Telemedicine, sets the industry standard in telemedicine, providing a deep bench of clinical staffing resources and technical support with a focus on innovation and sustainability.

Outpatient Specialists Caring for Patients with Nephrology Needs

- Access to board certified nephrologists with experience in rural care
- Affordable, convenient and trusted nephrology specialist care for your community
- Specialists work closely with your medical staff to provide consultive care when you need it
- Outpatient specialist clinics allow specialty physicians to diagnose patients using sophisticated telemedicine technology located in your community hospital or clinic
- Personable, high-quality specialists that put staff and patients at ease
- Expand the scope of care you offer and keep more patients in your community

Hospital Challenges

- Physician shortage associated with recruitment challenges
- Limited ability to provide care for patients with dialysis needs
- Limiting outmigration of patients
- 24/7 access for patients experiencing acute kidney disease

Kidney Disease Facts
