

Peer Review

Teledigm Health, in partnership with Bryan Telemedicine, sets the industry standard in telemedicine, providing a deep bench of clinical staffing resources and technical support with a focus on innovation and sustainability.

Partnering with You to Provide Convenient Web-Based Comprehensive Independent Peer Review for Practitioners

- Objective, meaningful peer review services for physicians and advanced practice providers to support quality of care and performance improvement opportunities
- Reviews performed by actively practicing board certified physicians
- Detailed, clinically relevant, comprehensive review includes objective feedback and education on current standards of care
- Rapid turnaround – Under 30 days in most circumstances
- Quality reviews billed at a set rate for each peer review completed
- Convenient, confidential web-based technology is user-friendly and HIPAA compliant
- Orientation and system support is provided
- Commitment continues beyond orientation with regular follow-up opportunities to assess the process through meetings and surveys
- Specialty peer review options available

Hospital Challenges

- Meeting regulatory requirements of case review and quality of care standards
- Inability to conduct anonymous peer reviews without conflict of interest
- Lack of time for providers to conduct peer reviews
- Access to timely and affordable peer review services

Peer Review Requirements

The Joint Commission requires hospitals to conduct peer reviews to retain accreditation.

We're with you every step of the way, partnering for the future

Teledigm Health and Bryan Telemedicine offer the region's most trusted medical partners to provide telemedicine, inpatient and specialty consultations as well as specialized medical support services.
