

# Outpatient Pulmonary

Teledigm Health, in partnership with Bryan Telemedicine, sets the industry standard in telemedicine, providing a deep bench of clinical staffing resources and technical support with a focus on innovation and sustainability.

## Access to physicians dedicated to diagnosing and treating pulmonary conditions

- Access to board certified pulmonologists for outpatient specialty care
- Affordable, convenient, and trusted specialty care support for your providers and staff
- Pulmonologists work closely with your medical staff to provide consultative care when you need it
- Outpatient specialist clinics allow pulmonologists to diagnose patients using sophisticated telemedicine technology located in your community hospital or clinic
- Personable, quality specialists that put staff and patients at ease
- Expand the scope of care while keeping more patients in your community

### COVID-19 has increased pulmonary needs

Almost half of patients have persistent complaints six months after a COVID-19 diagnosis.

## Hospital Challenges

- Access to board certified pulmonary physicians to support care for patients
- Patient travel requirements for specialty care
- Lost ancillary revenue from outmigration
- Limiting outmigration of patients

# We're with you every step of the way, partnering for the future

Teledigm Health and Bryan Telemedicine offer the region's most trusted medical partners to provide telemedicine, inpatient and specialty consultations as well as specialized medical support services.

As you explore ways to enhance care to your community, we are here to work with you offering:
