

# Outpatient Urology

Teledigm Health, in partnership with Bryan Telemedicine, sets the industry standard in telemedicine, providing a deep bench of clinical staffing resources and technical support with a focus on innovation and sustainability.

## Access to board certified urologists providing outpatient care services

- Affordable, convenient, and trusted specialty care support for your providers and staff
- Reduce travel requirements for patients needing urology care
- Outpatient specialist clinics allow providers to diagnose patients using sophisticated telemedicine technology located in your community hospital or clinic
- Specialists work closely with your medical staff to provide consultive care when you need it
- Personable, quality specialists that put staff and patients at ease
- Expand the scope of care while keeping more patients in your community
- On-site procedural options are available

### Urinary System Issues

Around 30 percent of Americans suffer from urinary incontinence. Women experience the condition twice as often as men.

## Hospital Challenges

- Access to specialty expertise in rural communities
- Cost of providing on-site specialty care
- Lost ancillary revenue from outmigration
- Patients delaying care due to lengthy travel needs

# We're with you every step of the way, partnering for the future

Teledigm Health and Bryan Telemedicine offer the region's most trusted medical partners to provide telemedicine, inpatient and specialty consultations as well as specialized medical support services.

As you explore ways to enhance care to your community, we are here to work with you offering:
