

Outpatient Psychiatry

Teledigm Health, in partnership with Bryan Telemedicine, sets the industry standard in telemedicine, providing a deep bench of clinical staffing resources and technical support with a focus on innovation and sustainability.

Outpatient Support for Patients with Psychiatric Needs

- Affordable and convenient care by licensed psychiatric providers for your community
- Services include:
 - Diagnostic evaluation of psychiatric concerns
 - Oversight and management of psychiatric medications
 - Real-time face-to-face treatment via secure two-way audio/video interaction
- Personable, compassionate providers that put staff and patients at ease
- Psychiatric care across the entire lifespan
- Providers work closely with your medical staff to provide consultative care when you need it
- Expand the scope of care you offer and keep more patients in your community

Hospital Challenges

- Over 50% of counties in the United States have no behavioral health providers
- Local provider expertise with acute mental health issues
- Lost ancillary revenue from outmigration
- Limiting outmigration of patients

Care for Psychiatric Patient Needs

62% of Americans suffering from mental illness do not receive treatment.
